Subject: Meeting and Site Visit

Greetings,

On behalf of EPA Region 5 Administrator Cathy Stepp, I am reaching out to schedule a meeting in Marinette, WI with the Fincantieri - Marinette Marine Company. The company is proposing an exciting development project in Marinette, WI. Given its proximity to MI and WI along the Menominee River, and the number of partners that may have a role in the permitting or approval of such a project, Cathy felt that R5 EPA could serve as the coordinator between Federal and State agencies and the company to set up an action meeting to review the proposal, answer questions, identify solutions and identify a path forward. The company has identified a series of dates in May that would work for them. What I need to know is what date(s) work best for each of you, and the staff on your teams you choose to include in the meeting. We are hoping to have decision makers and technical staff present to help inform the conversation and make progress on next steps. The proposed dates are:

Monday, May 7 from 9-12:00

Friday, May 11 from 9:30-12:30

Tuesday, May 15 from 9:30 - 12:30

Friday, May 18 from 8-11:00 or 9-12:00.

If you can please respond to me **by COB on Friday, April 27 with attendees names and the dates that work best**, I will identify the dates that works best for the most attendees. An agenda and project details will follow once a date has been selected.

Thank you in advance for your willingness to participate in this discussion. If you have any questions, please do not hesitate to contact me.

Regards,

Kurt
